

Digitale signaturer på RUC

Tom Helmer Hansen, thelmer@ruc.dk

Anvendelse

- Konto: ibrugtagning af konto, sæt kodeord
- Præregistrering: optag
- Aflevering: signering af opgaver (opensign?)
- Postregistrering: STADS adgang efter ophør

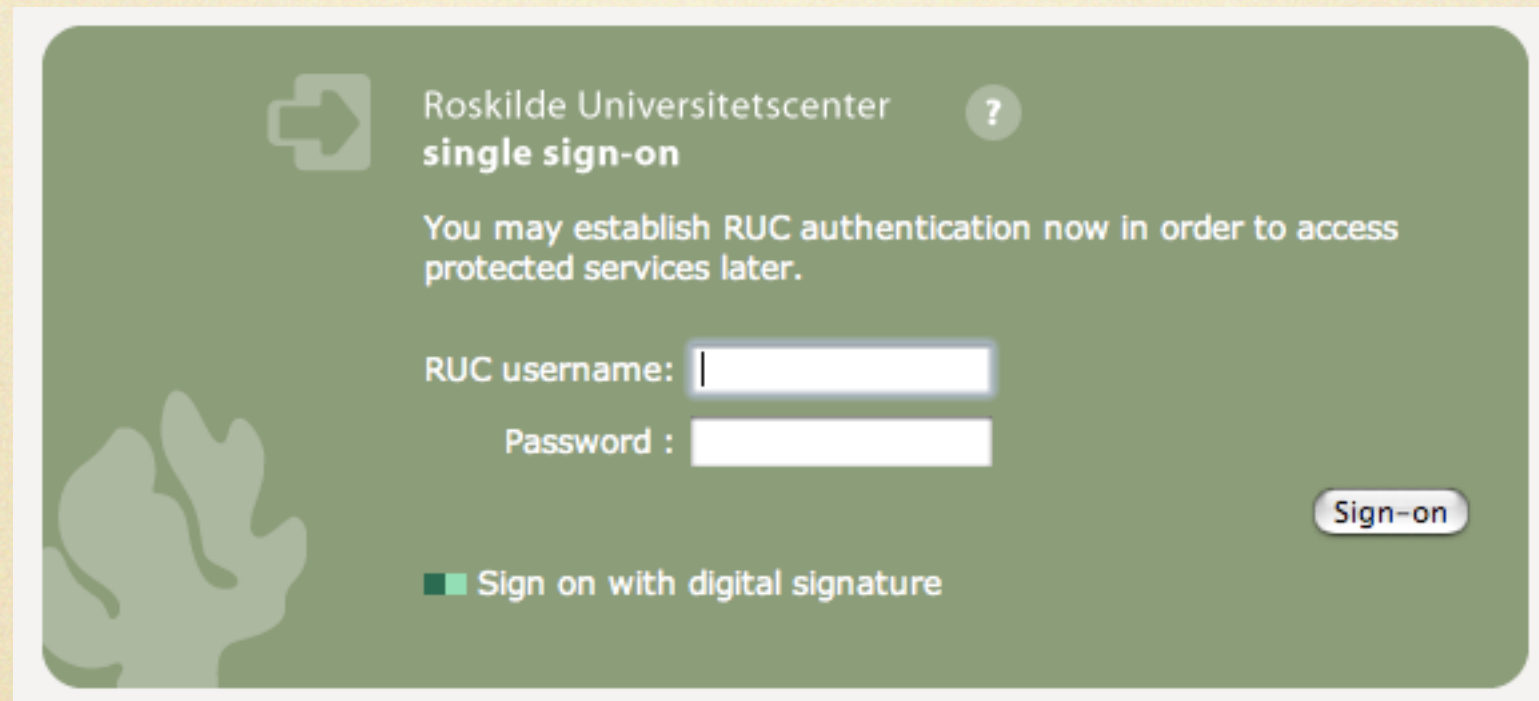

Implementering

Teknologi

- Apache
- OpenBSD / Debian Linux
- Perl (mod_perl)
- SQLite
- PIDXML

Prototype

The image shows a web form for Roskilde Universitetscenter (RUC) single sign-on. The form has a green background with a white border. At the top left is a logo consisting of a stylized 'R' and 'U' inside a square. To the right of the logo, the text 'Roskilde Universitetscenter' is displayed in a sans-serif font, followed by 'single sign-on' in a bold sans-serif font. A small circular help icon with a question mark is located to the right of the text. Below this, a message states: 'You may establish RUC authentication now in order to access protected services later.' There are two input fields: 'RUC username:' followed by a white text box, and 'Password :' followed by a white text box. A 'Sign-on' button is located to the right of the password field. At the bottom left, there is a checkbox with a green square and the text 'Sign on with digital signature'.

Roskilde Universitetscenter
single sign-on ?

You may establish RUC authentication now in order to access protected services later.

RUC username:

Password :

☐ Sign on with digital signature
